Welcome Friends and Valued Customers

It is hard for me to believe that this is the 35th Production Sale and what has evolved over these years!!! When this all started in 1981, I wanted to sell these Amerifax cattle because I liked what they did in so many economical traits. I remember the first sale I sold bulls at in Norton, Kansas and an older guy who had some bulls in the sale said, "I can not believe your bulls sold for that many dollars." So that told me I had something special to offer my customers!!! One of those customers, Bob Archer and his family, still purchase cattle from us today!!! As the years have passed, what drives me is to provide my customers better genetics and the hope to make their operation more **efficient and profitable!!!** To know that what I have done at **Dusty Prairie Ranch** is breeding cattle that are born to jump up and nurse mom; and mother cows that take care of themselves without a lot of extra feed!!! Plus if you retain ownership, the cattle will grade a high percent choice!!! The accomplishment at the Great Western Beef Expo against all breeds of cattle makes me feel we do have some great cattle for you as customers!! Like I've said to many of you--that if I did not sell seedstock cattle, I would still raise Amerifax cattle due to the fact they are easy to work with and raise a big calf!!! To have customers text you or call you and let you know how **Amerifax cattle** have impacted their operation—those comments not only make me feel that I've worked hard to get them the right Genetics; but I've helped them in some way!!! A couple of customers have expressed what happened to them this year that makes me feel we do have something very special to offer!!! Rick Smith from Kentucky (who purchased two bulls last year) said that he was driving the bulls up out of the pasture with his gator and loaded them on the trailer after breeding season; and they never gave him any trouble!!! "Your disposition is the greatest." Sterling Ritz said that the three bulls he purchased last year bred 105 heifers in a 60 day breeding season!! I could go on and on about how our genetics have helped you guys in so many ways!!! So as time has passed these 35 years, we have customers that are also great friends. Many times my phone will ring and we talk about farming, types of seed corn genetics, equipment and family; and never even talk much about the cattle!! This makes me feel I've done something to help my customer be more profitable!!! These new smart phones do make communicating with everyone much easier!!!

As for this year's sale offering, I would have to say it is genetically the same!! Bulls that are bred to have a great disposition with some muscle and volume to sire calves that make you some profit!!! As a seedstock producer we have to keep bringing new bloodlines or even some that we have used in the past. This year you have a great opportunity to put into your operation bulls from two great proven **HERD SIRES..... DPR POLLED TUREPO 1377.....BY FAR THE BEST BULL WE'VE EVER USED!! PLUS DPR 692 of 2295 !!!!** We now have many customers that have never used these cattle and wanted to give them the opportunity!!! Both sire some of the **best females you will ever own!!** As for the replacement heifers, I think they could be the best we have ever offered!! They are more uniform and have lots of volume!!!

Over these past 35 years it has taken a lot of family and friends to make this sale be successful!! So you can never say enough that you are thankful and appreciative of all their efforts!! As my family grows and they have their own lives, it is so great to share these moments with them and my grandkids!!

As in the past years we are having a **Ranch Tour on Friday April 1st**; and for both repeat buyers and new buyers it is a great opportunity to see **Dusty Prairie Ranch** cattle in the working environment!! I love to be in the pickup showing the mothers of some of the bulls you are looking at; and trying to help you get the **genetics** that work best to improve your program and hopefully help you be more **profitable!!**

See you April 2nd!!

Doug

Thanks For All Of The Support Over 35 Years!

If you want to add thickness, volume and fleshability to your females take a close look at this TRULY MAGNIFICENT BULL. He is the most talked about bull we've ever had at this stage in his development. His steer calves at the ongoing Amerifax Association Test are the top rating pen at 129. His sons and half brothers are gaining 4.78# in our 90 day test. His first calf crop boasts an average birthweight of only 78# yet brings Mr. Thick to the top indexing sire (106.1) in our battery of herd bulls.

82	Un	714	1297				P

504 - A double bred Polled Turepo 1377 bloodline that will give you outstanding females! Dam is now 12 and still has a great udder. I'm sure I will have a speech sale day on how this bull will build you a cow herd!

Age of Dam: 11 years

CUSTOMER TESTIMONIALS

In February 2012 we sold our Amerifax Steers and Heifers from bulls purchased from Dusty Prairie Ranch. The 126 steers weighed 889 # and sold for \$1.44--this grossed me a grand total of \$1280 per head!!!! We only had another cut of 13 head. We had 76 heifers sell in one group that weighed 725# for \$1.44. We retained 92 more heifers at home. We are very pleased with how the cattle weighed and the uniformity of our calves!!

Tyler Harting and Family
Norton KS.

In 2010 we purchased several DPR bulls and heifers. The bulls maintained or gained weight throughout the breeding season! "That is one of the first times that has happened for me!" The heifers are some of the best disposition females I've ever had!

Roger Cloyd
Wade Ranch

"Doug... Our Dusty Prairie Ranch sired calves on a 61 Day Test following weaning gained 3.75 pounds on 88 head--which out gained our other sired calves by a .50 per head a day."

James Hentges
Jamestown, Missouri

"In 2005, 43 head of our first calf heifers all sired by Dusty Prairie Ranch Bulls and bred back to Dusty Prairie Ranch calving ease bulls--we only pulled one calf."

Rollie Stefka
Comstock, Nebraska

"Calves we get from Dusty Prairie Ranch come early and jump up and get going. The females are gentle disposition and make great mothers."

Jeff & Don Ruppert
McCook, Nebraska

"Have a DPR Big & Wide 1378 son gaining 5.65 pounds on 3.98 to 1 feed efficiency."

Polder Beef Friesins

"53 spring calves sold in one group at 736 pounds at \$1.45. Very happy how DPR genetics has made our calves more uniform!!"

Rick Smith
Winchester, Kentucky

"Doug... the two bulls I purchased at the 2007 sale have been the easiest fleshing bulls I've ever had."

Loren Bossler
Stanton, Nebraska

*"In 2005 we switched to Dusty Prairie Ranch Bulls and our calves weaned 75 pounds more than the year before and sold a whopping 102 pounds more at sale time. **These Are Real Numbers For Real Cowmen!!**"*

Bill Scheperle
Jamestown, Missouri

"We started using Dusty Prairie Ranch Bulls in 1993 and our weaning weights year after year are now over 700 pounds average."

Jim & Larry Kleffner
Brinktown, Missouri

*"Since we started using Dusty Prairie Ranch bulls, the weaning weights of our fall calves have increased over 80 lbs. Doug has worked closely with Jeannie and I to help us improve the quality of our cow herd. Because of the improvements we have experienced, we are eager to tell our friends and neighbors about the **Dusty Prairie Ranch Program.**"*

Philip & Jeannie Woods
Warrensburg, Missouri

Bull Management Tip!!

Take your young bull home sale day and hand feed him with an old cow for 30-60 days before you turn him out. This will pay you big dividends when you sort or catch your bull in the future!!

DPR

Dusty Prairie Ranch

has semen for all your needs!!

Over 25 bulls to pick from
including some reds!!

SAV Thunderbird 9061

SAV Thunderbird 9061 takes honors as the #1 calving-ease bull from the 2010 SAV Sale with an EPD profile second to none. His pedigree represents two of the breed's most popular and proven calving-ease sires and combines them with the maternal and production qualities of the Emblynette family. Thunderbird is a major impact, calving-ease sire for both seedstock breeders and commercial cattlemen alike.

Buyers Notes:

Remember
Quality Is
Always A Bargain!!

Dusty Prairie Ranch sale day!!

SALE TERMS AND CONDITIONS

Terms: Terms of the sale are cash or check, payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Risk: All animals are the seller's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer, and his decision will be final.

Health: All bulls have been tested and found negative for brucellosis. All females have been officially calfhood vaccinated. All animals are eligible for interstate shipment; except as otherwise announced. The Veterinarian will assist buyers on health papers for specific states.

Announcements: Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

Breeding Guarantee: Females: Cows represented as being "safe in calf" will have been examined and declared safe; they are considered bred without further guarantee. Cows with calves at side shall be considered breeders also without further guarantee. Open heifers are guaranteed to be breeders. **NO** guarantee shall apply to suckling calves. **NO** guarantee is given that bred females will deliver a live calf.

Bulls: Should any bull 14 months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following date of purchase, or six months after the bull has reached fourteen months of age. (See Options and Privileges of Return or Adjustment.)

All animals are guaranteed to be breeders with the exception of: (a) Calves under twelve months of age. (b) Animals shown by purchaser after sale. (c) Injury or disease occurring after sale. (d) Animals subjected to any hormonal or surgical reproduction techniques. (e) Gross negligence or willful misconduct on the part of the purchaser. (f) Artificial collection, preparation or storage of semen.

Options and Privileges of Return or Adjustment:

1. All claims for adjustment or refund must be made in writing within six months of sale date or no later than six months after the animal reaches 14 months of age.
2. Any animal that appears to be a non-breeder within six months after date of sale, if in healthy condition and complying with the health requirements of the seller's state, may be returned to the seller at the buyer's expense. Seller will then reserve the right to prove the animal a breeder within a six-month period. If successful, the seller will return the animal to the buyer at the buyer's expense. Should the animal fail to prove a breeder, the seller, at his option, may either return purchase price to buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than the purchase price.

Accidents: Although every precaution will be taken to protect the safety and comfort of the buyers and others attending the sale, neither Dusty Prairie Ranch nor anyone associated with the sale, shall assume any responsibility in this matter and each disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Contract: The above Sale Terms and Conditions shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions.
