40th Annual Sale

Saturday, April 3, 2021

1:30 PM (Central Time)

www.dustyprairieranch.com

Harsh Family Celebrates Christmas 2020!!

Dusty Prairie Ranch

Welcome everyone to our **40th Annual Production Sale!** It's hard to believe we've been selling seedstock genetics to our valuable customers since **1981!** In 1981, I with several producers, started the All Breeds Bull Bonanza to get a better selection for area customers to purchase. I was out of college and selling bulls to guys twice or more my age. The trust and believing I could get better genetics into their program. **Truth be known, I'm still doing that today, just on a larger scale!** With this the 40th Annual Sale, I have to extend a huge thank you to the families who helped me get started and some still to this day are purchasing genetics from us. Thank you to these families: Archer, Hausserman, Hentges, Kleffner, Wright, Harting, Barnes, Messersmith, Nelm, Ruppert, Runge, Stefka, Sughrue, Unger, and many more! Thank you goes out to you and your families!

- In 1991 DPR started it's own production sale with many successes along the way!
 - Class winners and Reserve Champion Females at National Amerifax Show.
 - Champion and Reserve Champion Pen of 3 Bulls and Heifers at National Western Stock Show
 - Champion and Reserve Champion at Great Western Beef Expo
- (At the Beef Expo we competed against ALL breeds in rate of gain, feed efficiency and carcass.)

The last 15-20 years have been focusing on a balanced set of genetics from great maternal cows that calve on their own, to deeper ribbed cattle with lots of volume, to eating nothing but roughage and producing bigger more uniform cattle! By using our own herd bulls we can predict better udders, disposition, and uniformity. To give you a look at what those selections have done for our own herd, 9320 and his daughters, granddaughters and now even great granddaughters are getting the job done!

- 89% calved in the first 45 days of calving (with no synchronization program)
- Birth weight ratio of 97.7 with a weaning weight ratio of 102.6
- Pedigree bred for longevity
 - DPR 9320 Solution bred 25 cows at 10 years of age
 - DPR 9320 Solution's mother produced until 16 years old
 - DPR 9320 Solution's full sister was producing at 13 years old

Along with that genetic selection for improved productivity and uniformity, we have utilized only the most docile bulls. Having made that staple for the past 40 years I will tell you that our disposition is one of the best in the USA!!! The cattle are enjoyable to work with and much easier on gates, panels, and other equipment. With that, thank you everyone for the past 40 years! Reflecting upon it all, it has been great creating these relationships and friends along the way! We look forward to seeing you **Friday, April 2nd** for the **Ranch Tour** featuring Kevin Poole with Wonka Farms! Then **Saturday, April 3rd** bring the family and enjoy an **Amerifax Beef Lunch!**

Doug

Thanks For All Of The Support Over 40 Years!

PLEASE BRING THIS CATALOG WITH YOU SALE DAY

88	Un	649	1200	4.46	209	42.0	P

DPR Justice Jr. – A bull we purchased back from the Ellicott Ranch after seeing his calves unmatched length and performance. In our 2013 sale, he was the #4 IMF bull and he has passed that onto his progeny. Many sons have been top ratioing bulls for IMF, ADG, and REA. A progressive carcass bull that is backed by a maternal, nicely uddered cow in DPR Miss 6349 Moneyman (602).

G602 - 10 bulls in a row and 10 bulls in the sale. Is there much else to say here other than the genetics behind this Impact son are special? A stout featured bull who is moderate, soggy bellied and will sire some of the easiest fleshing females.
 SELLING 1/2 INTEREST, FULL POSSESSION
 Age of Dam: 11 years

CUSTOMER TESTIMONIALS

Doug,

Breeding soundness, longevity, and performance are the reasons I continue to purchase Dusty Prairie Ranch (DPR) genetics. Your bulls have consistently bred my cow herds over two 60 day breeding seasons per year and have added pounds and value to my calves. The DPR bulls I have purchased in the past years have serviced cows to an average age of 7 years old. Our last DPR bull was nearing 9 years old and our cows are delivering his calves this spring.

Before finding DPR bulls I would replace a registered Angus bull almost every year. The local registered bulls simply could not hold up. **The first pair of DPR bulls I used serviced 45 cows in the fall and 55 cows in the spring and stayed on the farm till they were over 7 years old.** My calves sired by DPR bulls averaged 75 pounds greater at weaning over our Angus sired calves. **Our last DPR bull bred 65 to 70 cows each year and sired over 400 calves by natural service for us.**

Sincerely,

Bill Scheperle -- Jamestown, Missouri

*“Since we started using Dusty Prairie Ranch bulls, the weaning weights of our fall calves have increased over 80 lbs. Doug has worked closely with Jeannie and I to help us improve the quality of our cow herd. Because of the improvements we have experienced, we are eager to tell our friends and neighbors about the **Dusty Prairie Ranch Program.**”*

Philip & Jeannie Woods
Warrensburg, Missouri

“Doug... Our Dusty Prairie Ranch sired calves on a 61 Day Test following weaning gained 3.75 pounds on 88 head--which out gained our other sired calves by a .50 per head a day.”

James Hentges
Jefferson City, Missouri

“Calves we get from Dusty Prairie Ranch come early and jump up and get going. The females are gentle disposition and make great mothers.”

Jeff & Don Ruppert
McCook, Nebraska

“Have a DPR Big & Wide 1378 son gaining 5.65 pounds on 3.98 to 1 feed efficiency.”

Polder Beef Friesins

“Since switching to DPR bulls I have more uniform calves with increased weaning weights. The replacement heifers are good mothers with great disposition. I have also noticed better fertility over my former straight bred Angus.”

Jeff Valentine
Glennville, Nebraska

Age of Dam: 4 years

Uniformity and consistency with proven predictability does **NOT** come by accident. It takes 4-5 generations of stacking similar genetics within cow families and **NOT** genomically analyzed **DNA** to provide predictability!

DUSTY PRAIRIE RANCH provides this Predictability!!

Before DPR bulls were integrated into our farm in Kentucky, our percent to market was 67% to 75%. Now we are marketing 85-90%. Retaining heifers from DPR Genetics will be the key to our future! In these unpredictable times, the efficiency and longevity they provide will be the base we build on.

Age of Dam: 3 years

Bull Management Tip!!

Take your young bull home sale day and hand feed him with an old cow for 30-60 days before you turn him out. This will pay you big dividends when you sort or catch your bull in the future!!

Always A Bargain!!

Dusty Prairie Ranch sale day!!

SALE TERMS AND CONDITIONS

Terms: Terms of the sale are cash or check, payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Risk: All animals are the seller's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer, and his decision will be final.

Health: All bulls have been tested and found negative for brucellosis. All females have been officially calfhood vaccinated. All animals are eligible for interstate shipment; except as otherwise announced. The Veterinarian will assist buyers on health papers for specific states.

Announcements: Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

Breeding Guarantee: Females: Cows represented as being "safe in calf" will have been examined and declared safe; they are considered bred without further guarantee. Cows with calves at side shall be considered breeders also without further guarantee. Open heifers are guaranteed to be breeders. **NO** guarantee shall apply to suckling calves. **NO** guarantee is given that bred females will deliver a live calf.

Bulls: Should any bull 14 months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following date of purchase, or six months after the bull has reached fourteen months of age. (See Options and Privileges of Return or Adjustment.)

All animals are guaranteed to be breeders with the exception of: (a) Calves under twelve months of age. (b) Animals shown by purchaser after sale. (c) Injury or disease occurring after sale. (d) Animals subjected to any hormonal or surgical reproduction techniques. (e) Gross negligence or willful misconduct on the part of the purchaser. (f) Artificial collection, preparation or storage of semen.

Options and Privileges of Return or Adjustment:

1. All claims for adjustment or refund must be made in writing within six months of sale date or no later than six months after the animal reaches 14 months of age.
2. Any animal that appears to be a non-breeder within six months after date of sale, if in healthy condition and complying with the health requirements of the seller's state, may be returned to the seller at the buyer's expense. Seller will then reserve the right to prove the animal a breeder within a six-month period. If successful, the seller will return the animal to the buyer at the buyer's expense. Should the animal fail to prove a breeder, the seller, at his option, may either return purchase price to buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than the purchase price.

Accidents: Although every precaution will be taken to protect the safety and comfort of the buyers and others attending the sale, neither Dusty Prairie Ranch nor anyone associated with the sale, shall assume any responsibility in this matter and each disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Contract: The above Sale Terms and Conditions shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions.
