

# **Dusty Prairie Ranch**

## **41st Annual Sale**

**Saturday, April 2, 2022**

**1:30 PM (Central Time)**

**[www.dustyprairieranch.com](http://www.dustyprairieranch.com)**

*Harsh Family*

*Dusty Prairie Ranch*

Welcome Friends and Valued Customers,

As the years fly by, it is time to celebrate our **41<sup>st</sup> Dusty Prairie Ranch Bull and Female Sale!!!** As we reflect on the past and continue to build for the next generation, we believe very few seed-stock producers can match our breeding for **Disposition, Fertility, Fleshing ability on a roughage diet, Maternal traits, and still have carcass traits for the consumer!!!** To visually see those traits in action, I invite you, your family and a friend **Friday, April 1<sup>st</sup> for our Ranch Tour.** The Ranch Tour will showcase an elite set of 1<sup>st</sup> calf heifers. Many of these heifers are full to ½ sisters of genetics in our sale offering. In addition, the tour will feature females behind the bulls producing the next generation. We will finish the night with a supper and social with an open forum to discuss your future needs amid a wild commodity market.

Like many of you know, I started raising **Amerifax** cattle 44 years ago. If I was in the corporate world I would have enough leave time, vacation, and sick leave to be gone for a year. Maybe I should ask Gavin if that applies here?? Like a lot of our customers, many of you will probably will never retire, but are needing to slowing down some. After working 10 to 14 hours for 44 years, I've decided to offer 50 head of **DPR** cows for sale. I've never sold a set of cows, but at this time our herd is the deepest it's ever been. Thus, I feel comfortable letting a few go to slow down. If you are interested just get ahold of me.

With all of the craziness that has happened the past two years, take some time and bring the family to enjoy a couple days at **Dusty Prairie Ranch.** Through that time, we are best able to make a plan of how we can help position you to capitalize on the come of a bullish cattle market. We can match the current bulls in your operation to a specific group of cows while bringing in new bloodlines to build an awesome calf crop for 2023. Building a plan gives you the opportunity for outstanding results! From past experience, the producers that work closely with us have a great set of cattle!!! Again, this year if you can't make the sale we are using **DV Auction** to bid online. Be sure to contact us for any questions as the videos are helpful, but they don't tell the whole story! We look forward to seeing **April 1<sup>st</sup> and 2<sup>nd</sup>!!** *Doug*

We are excited to announce that as we take the next step in our genetics, DPR has begun flushing our top cows/matings. Some of the criteria to hit our donor pen are: calve first cycle, great udder, high nurse ratio, structurally sound, and higher carcass merit. Through these matings, we are accelerating genetic gain to build elite cows. The first of these full sibling will come forward in 2023!

Genetics as many would attest, "New is better.", but we have and continue to operate by the standard of: "Proven is better.". Through our "snail pace" genetic selection by breeding ½ and ¼ siblings or reintroducing foundational sires, we have built more predictability and consistency. Our fertility rates have improved 15% bred first cycle, udders are highly desired, marbling has improved, and disposition is second to none. We look forward to presenting the genetics to you in the coming weeks! *Gavin*

***Thanks For All Of The Support Over 41 Years!***

**PLEASE BRING THIS CATALOG WITH YOU SALE DAY**

Age of Dam: 11 years

# CUSTOMER TESTIMONIALS

Doug,

Breeding soundness, longevity, and performance are the reasons I continue to purchase Dusty Prairie Ranch (DPR) genetics. Your bulls have consistently bred my cow herds over two 60 day breeding seasons per year and have added pounds and value to my calves. The DPR bulls I have purchased in the past years have serviced cows to an average age of 7 years old. Our last DPR bull was nearing 9 years old and our cows are delivering his calves this spring.

Before finding DPR bulls I would replace a registered Angus bull almost every year. The local registered bulls simply could not hold up. **The first pair of DPR bulls I used serviced 45 cows in the fall and 55 cows in the spring and stayed on the farm till they were over 7 years old.** My calves sired by DPR bulls averaged 75 pounds greater at weaning over our Angus sired calves. **Our last DPR bull bred 65 to 70 cows each year and sired over 400 calves by natural service for us.**

Sincerely,  
Bill Scheperle -- Jamestown, Missouri

“Since we started using Dusty Prairie Ranch bulls, the weaning weights of our fall calves have increased over 80 lbs. Doug has worked closely with Jeannie and I to help us improve the quality of our cow herd. Because of the improvements we have experienced, we are eager to tell our friends and neighbors about the **Dusty Prairie Ranch Program.**”

Philip & Jeannie Woods  
Warrensburg, Missouri

“Doug, just to let you know that I’m very pleased with my sight unseen purchase in your April 3, 2021 sale.

I purchased three bulls, Lot 5, Lot 10, and Lot 23. The dispositions of these bulls is excellent.

I also purchased nine heifers. Once again, disposition is awesome. These nine heifers were exposed to Lot 10 bull.

Kenny Gullickson  
Fort Yates, North Dakota

“Since switching to DPR bulls I have more uniform calves with increased weaning weights. The replacement heifers are good mothers with great disposition. I have also noticed better fertility over my former straight bred Angus.”

Jeff Valentine  
Glenvil, Nebraska

### **SALE TERMS AND CONDITIONS**

**Terms:** Terms of the sale are cash or check, payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

**Risk:** All animals are the seller's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

**Bidding:** All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer, and his decision will be final.

**Health:** All bulls have been tested and found negative for brucellosis. All females have been officially calfhood vaccinated. All animals are eligible for interstate shipment; except as otherwise announced. The Veterinarian will assist buyers on health papers for specific states.

**Announcements:** Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

**Breeding Guarantee:** Females: Cows represented as being "safe in calf" will have been examined and declared safe; they are considered bred without further guarantee. Cows with calves at side shall be considered breeders also without further guarantee. Open heifers are guaranteed to be breeders. **NO** guarantee shall apply to suckling calves. **NO** guarantee is given that bred females will deliver a live calf.

Bulls: Should any bull 14 months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following date of purchase, or six months after the bull has reached fourteen months of age. (See Options and Privileges of Return or Adjustment.)

All animals are guaranteed to be breeders with the exception of: (a) Calves under twelve months of age. (b) Animals shown by purchaser after sale. (c) Injury or disease occurring after sale. (d) Animals subjected to any hormonal or surgical reproduction techniques. (e) Gross negligence or willful misconduct on the part of the purchaser. (f) Artificial collection, preparation or storage of semen.

**Options and Privileges of Return or Adjustment:**

1. All claims for adjustment or refund must be made in writing within six months of sale date or no later than six months after the animal reaches 14 months of age.
2. Any animal that appears to be a non-breeder within six months after date of sale, if in healthy condition and complying with the health requirements of the seller's state, may be returned to the seller at the buyer's expense. Seller will then reserve the right to prove the animal a breeder within a six-month period. If successful, the seller will return the animal to the buyer at the buyer's expense. Should the animal fail to prove a breeder, the seller, at his option, may either return purchase price to buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than the purchase price.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of the buyers and others attending the sale, neither Dusty Prairie Ranch nor anyone associated with the sale, shall assume any responsibility in this matter and each disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

**Contract:** The above Sale Terms and Conditions shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions.
