Welcome Friends and Valued Customers,

We welcome you to our 44th Annual Production Sale and what an exciting time we are living in the cattle business! Record low cattle inventory, with demand remaining steady despite higher beef prices. As elevated prices have lead to greater margins, new fads will grow in popularity in “new breeding philosophies” as we look to begin herd expansion.

We have seen fads of F1 crosses for hybrid vigor, big lengthy cattle to extremely moderate, to heavy selection pressure on high calving ease, and now we are seeing a lot of direct selection for marbling and carcass genetics. Trends will always be a part of the industry we participate in, but staying true to our selection for fertile females that raise optimal performing, structurally sound calves each and every year will be our “bred” and butter.

Digging into that philosophy, we reflect upon sire groups of females that are performing at a high rate. Recall a few years back we did a highlight of how many **Solution 9320** daughters calved first cycle while raising a higher ratioing calf. Flash forward today and many of those dams are approaching 10 years old, this past calving season, 75% of them calved first cycle. It’s in large part why we have utilized sons, grandsons and now who is making a name for themselves, our **DPR Justify** daughters. To refresh your memory, the dam of **Justify 3528** and **Solution 9320** are full siblings. With the oldest Justify daughters being 5 years old, they are producing at an ELITE level. 79% of these daughters have calved first cycle and many of which are dams of bulls in this year’s offering! Another sire group that has quickly moved to the top of our productivity sheet is **DPR Dynamic** at 74%. Dynamic’s dam is now 10 years old and to no surprise, calved first cycle again with a powerful DPR Supercell bull calf at side. With this kind of productivity, I’m pleased to share that **nearly 75%** of the bull offering contains these premier genetics in their pedigree!

As we look forward to showcasing the next generation of genetic investments, we believe you’ll be pleased to find a lot of bulls that are powerful, athletic and simply put, read with a ton of quality. Videos will be posted on **DV Auction** to get an early visual! As normal schedule of events, be sure to join **Friday April 4th for the Ranch Tour and evening social**. We enjoy spending this time with attendees in a relaxed atmosphere where all can partake in fellowship with other producers. If you are not able to attend, join us for **lunch at noon on Saturday, April 5th** with the sale to follow at **1:30 CT.**

We look forward to working with you in 2025!

CUSTOMER TESTIMONIALS

Doug,

Breeding soundness, longevity, and performance are the reasons I continue to purchase Dusty Prairie Ranch (DPR) genetics. Your bulls have consistently bred my cow herds over two 60 day breeding seasons per year and have added pounds and value to my calves. The DPR bulls I have purchased in the past years have serviced cows to an average age of 7 years old. Our last DPR bull was nearing 9 years old and our cows are delivering his calves this spring.

Before finding DPR bulls I would replace a registered Angus bull almost every year. The local registered bulls simply could not hold up. **The first pair of DPR bulls I used serviced 45 cows in the fall and 55 cows in the spring and stayed on the farm till they were over 7 years old.** My calves sired by DPR bulls averaged 75 pounds greater at weaning over our Angus sired calves. **Our last DPR bull bred 65 to 70 cows each year and sired over 400 calves by natural service for us.**

Sincerely,
Bill Scheperle -- Jamestown, Missouri

“Doug, just to let you know that I’m very pleased with my sight unseen purchase in your April 3, 2021 sale.

I purchased three bulls, Lot 5, Lot 10, and Lot 23. The dispositions of these bulls is excellent.

I also purchased nine heifers. Once again, disposition is awesome.

Thank you for your insight, delivery, and encouragement.”

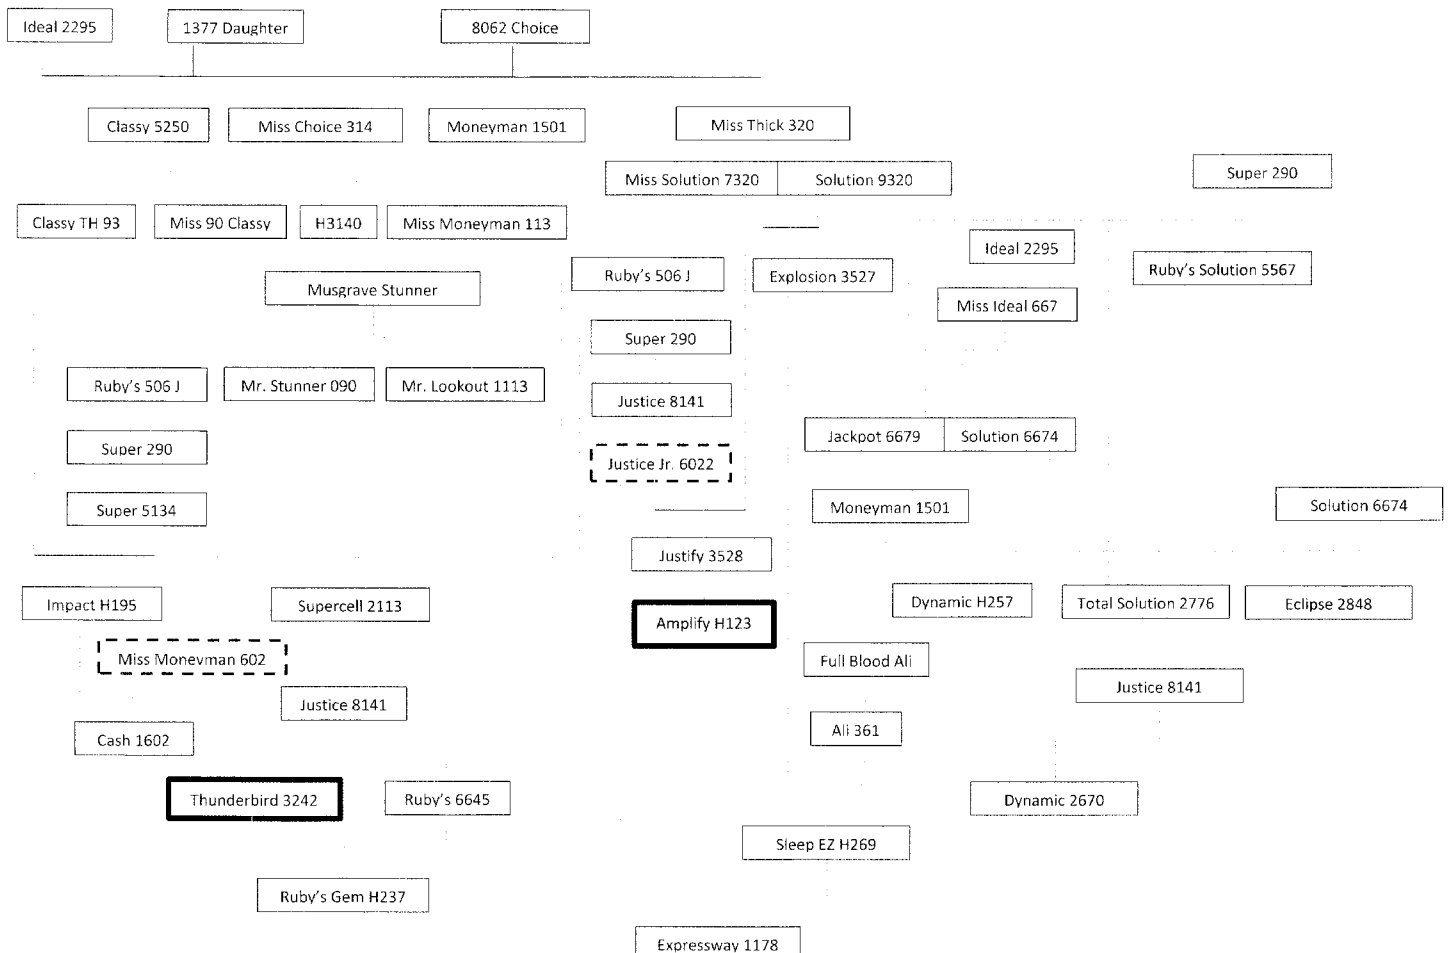

Kenny Gullickson
Fort Yates, North Dakota

Sometimes we just like to brag about how our cattle have improved by adding more Dusty Prairie Ranch Genetics to our operation. We purchased some bulls in 2020 and more in 2021-2022. This past fall our calves weighed 32 pounds more and only had 4% open on over 300 head. This past spring our herd went through a major range fire, was relocated a couple times, and still achieved these numbers. I'm extremely pleased with the cattle and with the help from Doug and Gavin in their leadership on genetic selection of DPR bulls.

The Soucie Family

“Since switching to DPR bulls I have more uniform calves with increased weaning weights. The replacement heifers are good mothers with great disposition. I have also noticed better fertility over my former straight bred Angus.”

Dusty Prairie Ranch Sale Day

SALE TERMS AND CONDITIONS

Terms: Terms of the sale are cash or check, payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Risk: All animals are the seller's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer, and his decision will be final.

Health: All bulls have been tested and found negative for brucellosis. All females have been officially calfhood vaccinated. All animals are eligible for interstate shipment; except as otherwise announced. The Veterinarian will assist buyers on health papers for specific states.

Announcements: Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

Breeding Guarantee: Females: Cows represented as being "safe in calf" will have been examined and declared safe; they are considered bred without further guarantee. Cows with calves at side shall be considered breeders also without further guarantee. Open heifers are guaranteed to be breeders. **NO** guarantee shall apply to suckling calves. **NO** guarantee is given that bred females will deliver a live calf.

Bulls: Should any bull 14 months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following date of purchase, or six months after the bull has reached fourteen months of age. (See Options and Privileges of Return or Adjustment.)

All animals are guaranteed to be breeders with the exception of: (a) Calves under twelve months of age. (b) Animals shown by purchaser after sale. (c) Injury or disease occurring after sale. (d) Animals subjected to any hormonal or surgical reproduction techniques. (e) Gross negligence or willful misconduct on the part of the purchaser. (f) Artificial collection, preparation or storage of semen.

Options and Privileges of Return or Adjustment:

1. All claims for adjustment or refund must be made in writing within six months of sale date or no later than six months after the animal reaches 14 months of age.
2. Any animal that appears to be a non-breeder within six months after date of sale, if in healthy condition and complying with the health requirements of the seller's state, may be returned to the seller at the buyer's expense. Seller will then reserve the right to prove the animal a breeder within a six-month period. If successful, the seller will return the animal to the buyer at the buyer's expense. Should the animal fail to prove a breeder, the seller, at his option, may either return purchase price to buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than the purchase price.

Accidents: Although every precaution will be taken to protect the safety and comfort of the buyers and others attending the sale, neither Dusty Prairie Ranch nor anyone associated with the sale, shall assume any responsibility in this matter and each disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Contract: The above Sale Terms and Conditions shall constitute a contract between buyer and seller and be equally binding on both. Animals that are resold following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by these Terms and Conditions.
